SELECTED PROJECTS

1. Conducted a [survey experiment](#) which aimed to increase social interaction among international students. Simultaneously, found very interesting statistics on current pattern of interaction.
2. Wrote an [article](#) on decarbonisation of industry sector in India, highlighting the challenges.
3. Wrote an [article](#) on emissions inequality among income groups within countries.
4. Wrote a [piece](#) about how climate change affects Small Islands Developing States (SIDS).
5. I designed a [nudge experiment](#) to induce sustainable behaviour in the context of online food delivery services.
6. In group, wrote a [report](#) on decarbonising Poland using an energy transition model.

ADDITIONAL ACTIVITIES

AI and the future of International Security, Summer School

21/08/22 – 27/08/22
Berlin, Germany

- I was part of the Summer School on AI and its implication for international security organised by Bundeswehr Centre of public affairs in collaboration with Hertie School.

Content and Copy Editor, The Governance Post

08/21 - Present

- I am one of the content editors of [The Governance Post](#), the official student magazine of Hertie school. Previously, I contributed as a copy editor.

Tutor, Part-time

2017 - 2021

- I tutored school students, primarily Math and Spanish, and delightfully they hated Math less with me
